

Allocating A Devicepool

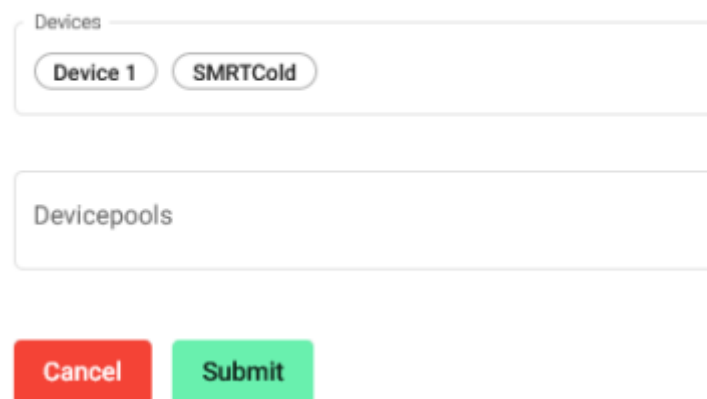

Navigation

Devicepool allocation can be accessed from the [Devices](#) page.

Overview

Here you can create and allocate device pools to the selected devices. Clicking submit will complete the addition.

Allocate Devices

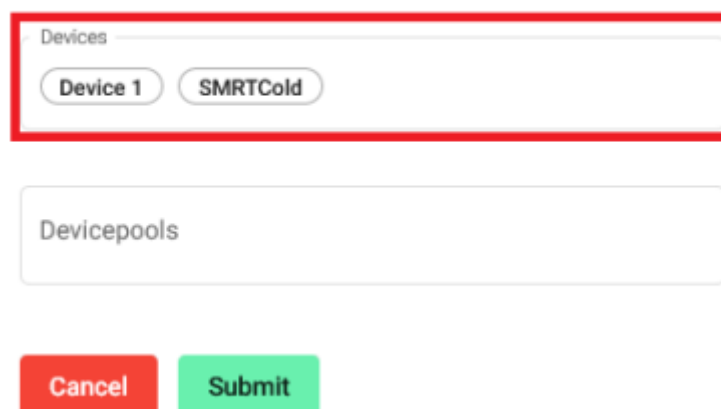

The 'Allocate Devices' form consists of two main input fields and two buttons. The 'Devices' field is a container with a dropdown arrow and contains two selected items: 'Device 1' and 'SMRTCold'. The 'Devicepools' field is an empty text input. Below the fields are two buttons: a red 'Cancel' button and a green 'Submit' button.

Selected Devices

You can view the currently selected devices from the [Devices](#) field.

Allocate Devices

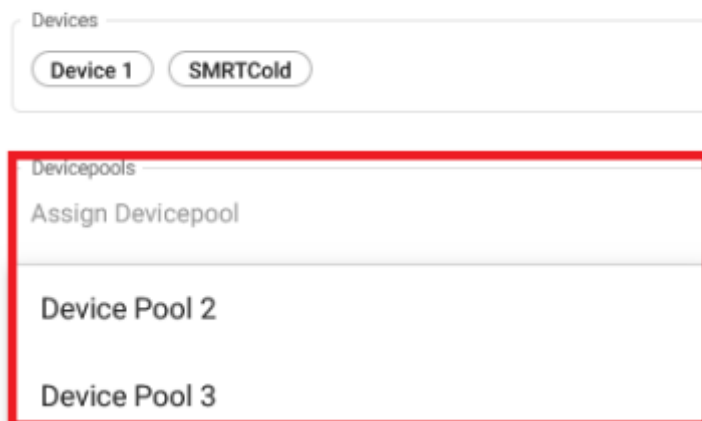

This screenshot is identical to the one above, but the 'Devices' field is highlighted with a red rectangular border to emphasize the selected devices.

Allocating Device Pools

Your currently created device pools will be displayed by clicking the device pool field. Selecting a device pool from here will add it to the list of device pools. Multiple device pools can be selected this way.

Allocate Devices

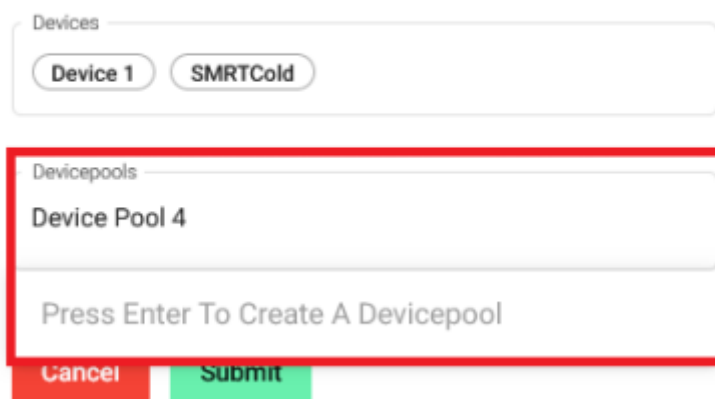

The screenshot shows the 'Allocate Devices' interface. At the top, there is a 'Devices' section with two buttons: 'Device 1' and 'SMRTCold'. Below this is a 'Devicepools' section, which is highlighted with a red border. It contains a header 'Assign Devicepool' and a list of two device pools: 'Device Pool 2' and 'Device Pool 3'.

You can also create a device pool directly from the device pool field by typing the name of the device pool you want to create.

Upon doing so, you will be prompted by the drop down menu to press the enter key to create the device pool.

Allocate Devices

The screenshot shows the 'Allocate Devices' interface. At the top, there is a 'Devices' section with two buttons: 'Device 1' and 'SMRTCold'. Below this is a 'Devicepools' section, which is highlighted with a red border. It contains a header 'Devicepools' and a text input field with the text 'Device Pool 4'. Below the input field is a message 'Press Enter To Create A Devicepool'. At the bottom of the 'Devicepools' section are two buttons: 'Cancel' (red) and 'Submit' (green).

Once the device pools have been selected/created , they will be added to the device pool field.

Allocate Devices

Devices

Device 1 SMRTCold

Devicepools

× Device Pool 1

× Device Pool 4

Assign Devicepool

Cancel

Submit

Once complete, you can click submit to save your changes.
