Alert Groups Page

Navigation

The Alert Groups page can be accessed from the side navigation bar by clicking on the Alerts tab and then clicking on 'Alert Groups'.

Overview

On the Alert Groups page, your created alert groups will be displayed and can be interacted with. You can create, edit and delete alert groups on this page.

Clicking 'View' will open the View Alert Group dialog, where you can view the details about the selected alert group.

Here, each escalation can be clicked on to view the actions taken for alerts triggered, as well as the user who will be alerted and the alert delay. You can read more about what these are on the 'What Is An Alert Group?' page.
