Alerts Page

Navigation

The Alerts page can be accessed from the side navigation bar by clicking on the Alerts tab and then clicking on 'Alerts'.

Overview

On the Alerts page, information about alerts that have occurred will be displayed. Here you can view the time at which the alert was triggered, which device and sensor sent out the alert, which method you were alerted by, the alert message and the action taken for the alert.

Setting A Time Range & Filtering Alerts

Before alerts can be displayed, first a date range has to be selected. By default, a date ranged of the current day and the day before are selected. To select your own time range, you need to click on the calendar icon. Here you can select your time range which you wish to display alerts for. However, please note a maximum of a 7 day range can be selected.
