# Creating A Device Pool

Navigation

Device pool creation can be accessed from the Devicepool page.

Overview

Here you can create a device pool to group your devices in.

Naming The Device Pool

Here simply enter the name of the device pool and click submit.

Reordering Devices

In the 'Devices' tab, all the devices within the device pool are displayed. You can click and hold to drag the device panel which will allow you to reorder devices in the list. Reordering this will change the order of which devices are displayed on the dashboard page.

Device Pool (?)
