Allocating A Devicepool

Navigation

Devicepool allocation can be accessed from the Devices page.

Overview

Here you can create and allocate device pools to the selected devices. Clicking submit will complete the addition.

Allocating Device Pools

Your currently created device pools will be displayed by clicking the device pool field. Selecting a device pool from here will add it to the list of device pools. Multiple device pools can be selected this way.

Allocate Devices

Devices Device 1 SMRTCold		
Devicepools Assign Devicepool		
Device Pool 2		
Device Pool 3		

You can also create a device pool directly from the device pool field by typing the name of the device pool you want to create.

Upon doing so, you will be prompted by the drop down menu to press the enter key to create the device pool.

Allocate Devices
