# **Editing A User**

## Navigation

The User Edit dialog can be accessed from the Users page.

# Overview

Here you can edit either your own information or the information of a user who has a lower role than you. The fields displayed may vary based on your current user role. The password fields will not be displayed if editing a user other than yourself.

## Setting A Dashboard Type

You can select a dashboard type from the dashboard drop down menu. This will affect what you view when 'Dashboard' is selected from the side navigation menu.

There are currently two types of dashboards:

- Sensor Dashboard This is the default dashboard which displays sensor information.
- Device Dashboard This dashboard is used primarily for SMRTCloud devices.
