Editing A User

Navigation

The User Edit dialog can be accessed from the Users page.

Overview

Here you can edit either your own information or the information of a user who has a lower role than you. The fields displayed may vary based on your current user role. The password fields will not be displayed if editing a user other than yourself.

Update User Name * User Cell Number (+27) * +27741233141 Enabled Time Zone (UTC+02:00) South Africa Standard Time Language English (en) Notes Dashboard Device Password Confirm Password Cancel Submit

User Details

Here you can edit the display name and cellphone number of the user.

Timezone

Here you can edit the user's timezone. This will affect the formatting of time on the system.

Update User

Language

Here you can select the language you would like to display the website in. Currently only English, French and Arabic is supported.

Update User

Setting A Dashboard Type

You can select a dashboard type from the dashboard drop down menu. This will affect what you view when 'Dashboard' is selected from the side navigation menu.

There are currently two types of dashboards:

- Sensor Dashboard This is the default dashboard which displays sensor information.
- Device Dashboard This dashboard is used primarily for SMRTCloud devices.
